### MENASHA ALDERMEN SEVERELY SCORED BY MAYOR.

He Charges Them With Having Sold Out to the Street Railway Company—University Crew in the Big Eastern Boat Race—Pensions Granted

Menasha, Wis., March 26.—Mayor Pleasant has stirred up certain aldermen by accusations which he makes against them in street car deals. On March 11 the mayor vetoed the action of the council giving certain rights to the street railway company, and alleged underhand work in connection therewith. The aldermen called for the charges specifically in writing, which the mayor made at a meeting of the council last night. He charged several aldermen with "shady" transactions. The tax payers are evincing great interest in the fight between the

Fire at Manitowish Thursday night damaged a cold storage building and its contents to the amount of \$5,000. Gregation of Stevens Point has had plans drawn for a church to cost \$20,000.

### HE MADE A FRIGHTFUL LEAP

Elmer Granger's Method of Alighting from a Moving Train.

Elmer Granger, sixteen years old, now considers himself a very foolish young man, and if he ever recovers from the hurts he received last night as a result of his folly, he will profit by his experience. When the accommodation train was passing high street last night, he jumped upon it, intending to take a short ride. After the train had crossed the bridge he attempted to alight upon the embankment, but instead fell headlong off the main street viaduct to the railroad tracks beneath, a distance of twenty-four feet. His descent was noticed by a brakeman on a St. Paul train, who notified the station agent, who

### WISCONSIN CREW IS IN IT.

University Oarsmen Will Compete in the Great Eastern Races.

Madison, March 26.—A letter has been received which makes it quite certain that Wisconsin will row in the great quadrangular scull race between Cornell, Pennsylvania and Columbia, with Wisconsin included. The naval board received an official invitation from the eastern rowing association this morning to take part in the race. The crew will go east two or three weeks before the event, which occurs July 1. Nothing stands in the way of Wisconsin entering except the financial question, and the students confidently expect to raise the \$2,000 necessary for the trip among themselves and alumni. The crew is stronger this year than any previous season, and the students have high hopes that the Wisconsin eight will do the best proud.

in turn telephoned to the police, and the patrol wagon was soon upon the scene. Granger was found in the road, picked up, and taken to his home at 301 Washington street. Here Dr. W. H. Palmer attended him and found his right leg broken below the knee, and the ankle bone splintered. Several upper teeth were loosened, his upper lip cut, and his back injured. Dr. Palmer does not regard the injuries fatal, though they will confine Granger to his home for some time. He has been in the habit of jumping on moving trains for several years past, and says this is the first accident that has befallen him.

### ALL PRONOUNCED IT GOOD

Successful Musicales Given By Mr. and Mrs. Frank A. Taylor

The musicales given by Mr. and Mrs. Frank A. Taylor at the parlors of the Congregational church last night was a delightful social function. Some two hundred were present, and were delightedly entertained by Mrs. Elizabeth Van Alken, of Epworth, Iowa, and Arthur M. Burton, of Batavia, Ill. There were fifteen selections upon the program, all of which were rendered in a highly artistic manner and elicited great applause. The accompanist of the evening was Frank T. Baird, of Chicago.

The musicale, besides being an artistic and social success, netted a handsome sum to the church for the benefit of which it was given.

### "A NEW COON IN TOWN"

Colored Man Arrives Who Treats Saloon Patrons to Music.

Colored strangers are getting numerous in Janesville of late. When the coon who claims he has the largest mouth in the world, struck town yesterday, another colored man who claims to be a "musical coon," followed close in his wake.

This last freak of nature plays a half dozen instruments at one time. Saloons are his favorite stopping place. He blows a horn and plays instruments with both hands and both feet. To hear him anyone would think that it was a curious band, but he is the whole thing. He would rather play than eat. When he isn't playing he talks German. He's a hot coon. If you haven't heard him drop around and swell the crowd.

Mr. Hewitt comes highly recommended by Mr. Gould, the western secretary of the conference.

Burdge, fourth ward, and George Perkins, fifth ward. These five delegates are to elect a chairman not a member of the committee. It is not probable that any other ticket will be placed in the field. The election will be fought on license and no license issues.

### MUST BE UP AND DRESSED

Millitamen Preparing for Their Annual Spectation Next Month.

Soldier boys are closely watched these days. Two officers of the adjutant general's office and two from the quartermaster general's are going about the state, making a thorough inspection of the National Guard, with the view of replenishing such equipment as has become in poor condition.

They are distributing new suits, knapsacks, blankets and arms where they are needed. This is the first time in four years that such an inspection has been made and it is in line with the reawakened interest in military matters since the blowing up of the Maine. General Boardman, Major Williams, and Col. Zwietsch have inspected companies during the week. The annual inspection begins April 1 and the inspecting officer, F. N. Caldwell, first lieutenant of the Seventh United States cavalry, is expected here in April or May.

### GETTING READY TO MOVE

Preparations for the Transfer of the Richardson Shoe Factory

Harry Knowles, of this city, was in Menominee, Mich., yesterday in the interest of the Richardson Shoe company. The object of his trip to Menominee was to take measurements in the new factory, into which they will soon move, for machinery which will soon be set in position.

When the local firm get well established in their new factory they will increase the working force so as to be able to manufacture several hundred pairs of shoes a day.

### BAGGED PLENTY OF GEESE

Two Sportsmen who Have Had Unusually Good Luck

Alva Russell, of this city, and A. J. Gaston, of Beloit, who are hunting near Johnston, sent to the city about fifteen wild geese that were monsters of their species. Six of them weighed seventy-five pounds, and all the others were of goodly size. The gentlemen have only been gone about a week, and their success has filled the breasts of their friends with envy. The birds are somewhat shy, and fly high. It is something of an art to get them within range of the sportsman's gun, and the majority of those who have gone hunting have been compelled to return empty handed.

### THE SITUATION IS CRITICAL

Affairs with Spain Are Rapidly Approaching a Crisis

New York, March 26.—[Special]—Washington dispatches to papers here dwell on the gravity of the Spanish and American difficulty, and nearly all agree that a crisis is near. The only ray of peace, the Herald asserts, is the rumor that at the last moment Spain will offer to free Cuba if the island is not pacified by autonomy within a limited time. The Journal says the actual declaration of war is now only a few days off.

### NEITHER WOULD YIELD.

Minister Woodford and Cullon Confer on the Maine Disaster.

Madrid, March 26.—[Special]—United States Minister Woodford called at the foreign office yesterday, and presented a synopsis of the Maine report to Minister Cullon, with whom he conferred two hours. In cabling the board's verdict President McKim made no demand, suggested no reparation. Woodford and Cullon maintained their respective sides with absolute firmness, reaffirming that they would be guided by their own naval board's report. When they separated neither had yielded an inch.

### A DECLARATION OF WAR

That Is What the Sailing of the Spanish Flotilla Amounts To

Washington, March 26.—In the judgment of naval officers the sailing of the flotilla for Cuban waters is tantamount to a declaration of war. If that fleet is permitted to reach Havana, the chances are that we will lose some of our best battleships before hostilities have been under way very long. The proper thing for Mr. McKinley to do under the circumstances is to intercept the flotilla and capture or destroy it. Naval authorities say that one of our armored cruisers could be sent to meet it, send a shot through the coal transport and then sink it. Then when the fires in the small boats were exhausted there would be no way to replenish them and the cruiser could destroy them at its leisure. A better way would be for the cruiser to wait in the vicinity until the men on the boats were ready to surrender and then tow the entire fleet into an American port.

### A Diplomatic Protest.

New York, March 26.—[Special]—It is rumored that a diplomatic protest will be made to Spain against sending the torpedo flotilla to Havana. If the protest is ignored an attempt may be made to intercept the vessels by United States war-ships before the flotilla reaches Havana.

### Getting In Close Touch

## DEMOCRATS ARE IN THE CONTEST

THEY NAME A FULL CITY TICKET LAST EVENING.

A. O. Wilson for Treasurer; Fred C. Burpee for Attorney; Charles H. Carpenter for Sreee. Commissioner; Horace McElroy for School Commissioner, Claude Hendricks for Justice.

The council chamber was well filled last evening when P. J. Mount called the democratic city convention to order, and became its presiding officer by virtue of a motion made by Isaac F. Connors. Clarence L. Clark assumed the post of secretary, no objection being offered to George N. Hubland's motion having that purpose in view.

There was little preliminary work to do, and the nomination of candidates for the offices was soon reached. A. O. Wilson received the compliment of a nomination for city treasurer by acclamation, and Fred C. Burpee attained to the nomination for city attorney by the same means.

For the office of street commissioner there were three aspirants, Michael Murphy, Samuel Hudson, and Charles H. Carpenter, each of whom was placed in nomination with "a few appropriate remarks." The first ballot showed that some one present was guilty of "repeating," for there were seventy-seven votes cast, while only seventy-five persons were entitled to seats in the convention. Three other ballots were taken, the last one resulting as follows:

Carpenter.....	44
Murphy.....	21
Henderson.....	10

Total..... 75  
Mr. Carpenter was thereupon declared the nominee of the convention, and accepted the honor in a brief speech, in which he thanked the delegates for their expression of confidence in him.

Claude J. Hendricks met no obstacles in the way of securing the nomination for justice of the peace, the delegates gratifying him by a unanimous vote.

Horace McElroy received the nomination for school commissioner at large by acclamation.

P. J. Mount was appointed chairman of the city committee and his associates from the several wards were selected as follows:

First Ward—Harry Garbutt.  
Second Ward—C. C. McLean.  
Third Ward—Obas. C. Russell.  
Fourth Ward—J. F. Connors.  
Fifth Ward—J. B. McLean.

## CHINESE HAVE A LOVE FEAST

In Honor of the Departure of Moy Lick Li for China.

There was a merry time at the Chinese joint at 215 West Milwaukee street last evening, and it was all in honor of Moy Lick Li, whose departure for China took place today. Several pipes were smoked, and refreshments of a tempting nature—to Chinamen—were not lacking.

Moy Lick Li leaves only for a few months' visit, but in order to insure his safe return he was obliged to go well armed with several documents, each consisting of several pages of type written copy.

In the corner of each document was posted a photograph of Li as he looks today. On his departure from San Francisco he leaves one of these documents with the custom officials as well as leaving one in the custom house in China. Another copy he safely guards and carries with him. On his return he goes through a rigid examination and it is then that the documents prove that he was a resident of the United States and is entitled to return. His papers were signed by John Cunningham, O. F. Nowlan, W. A. Jackson, W. J. McIntyre and A. E. Badger.

## HOUGHTON TELLS OF AFRICA

Says That Business in the Dark Continent Is Good

Walter Houghton, who formerly held a position on the local police force, and who is now in South Africa, writes home that all is well in that part of the earth. He states that the weather is always hot, and that there seems to be no let up to it.

Mr. Houghton says he is still working on the railroad as a passenger engineer, and that business with the road is good. People by the hundreds are arriving in South Africa by boat every week from all parts of the globe.

PARIS COSTUME OF CLOTH OR DUCK FROM HARPER'S BAZAR

SIMPLICITY and elegance are wonderfully combined in the models of the spring, and one observes that there is a return to styles in vogue some years ago. Nothing is more interesting than to note how periodically the wheel of fashion revolves, and how certainly the modes of the grandmothers come back from time to time. Daintiness and crisp freshness characterize the fashions of this spring and they are wonderfully becoming to all wearers.

A coat and skirt costume for rough-and-ready wear is suitable for serge, whipcords, or any firmly woven woollens, as well as for duck and pique of all kinds, as the style admits of its being made up with or without a lining.

The skirt is snugly shaped about

the hips, the lower portion being a circular flounce, pointed low in front, and curving high towards the back, which has a middle seam. Brands of stitching are the only trimming.

The jacket in open-fronted style, with rather large rolling revers, has close coat-sleeves of the latest cut. The correct cut of the gown can be obtained from the cut paper patterns furnished by Harper's Bazar, where it appears.

Suggestive of spring is the hat in sailor form, simply trimmed with a massive ribbon bow at one side and a perfumed bouquet of white and purple French violets.

Quantity of material—wool, 42 inches wide, 7 yards; silk lining, 14 yards.

## CHANGES ON THE ST. PAUL

W. G. Collins, general superintendent with headquarters in Chicago, will be appointed general manager, and H. B. Williams, assistant general superintendent, now located in Minneapolis, will become general superintendent of the road. Mr. Williams will be succeeded by W. J. Underwood, assistant general superintendent in Milwaukee. D. L. Bush, now division superintendent of the River division at St. Paul, will be appointed general superintendent in Milwaukee. The changes are reported to be effective April 1.

## INSURANCE MEN TROUBLED

All Claim That Their Business Has Been Injured

A merry life insurance war is raging in Janesville just at present, and a half dozen agents are involved. This war has not resulted in a cut rate policy, so the public will not be benefited.

The trouble originated by an outside agent coming here to do business. He represented a New York company, and has been enjoying a good business from day to day. Other agents allege that all the time he was working for business he never lost an opportunity to run down other companies, and he is accused of gross misrepresentation. Agents from outside cities are expected here next week to look into the trouble, and there is no telling where things will end.

A Noble Purpose

If a man has a noble purpose in life he will succeed. But the man must have health and strength. Many men have started with noble purposes and have failed, because of weakness, sickness, disease. How to get back health and strength is the great question, the great desire. Dr. Greene, 148 State street, Chicago, Ill., the most successful physician in curing diseases, has discovered in his medicines the sure road to health. You can consult Dr. Greene personally or by letter, free. Write to him and be cured.

## DRILL JEFFERSON SCHOLARS

Mrs. Janet B. Day's Services Are Much In Demand.

Mrs. Janet B. Day, of this city, was in Jefferson yesterday, where she now has in charge the members of the senior class of the high school who are to give scenes from Shakespeare's play "The Merchant of Venice." The exercises are to be given as a part of the commencement program which will be given in June. Mrs. Day's good work along this line seems to be as fully appreciated in outside cities as it is here in Janesville.

## NEWS FROM THE MORNING PAPERS

## BILL HITS A SNAG.

**Pingree's Measure Pronounced Unconstitutional and Futile—A New Tack.**  
Lansing, Mich., March 26.—There is little doubt that Gov. Pingree's bill for the taxation of the property of railroad, telegraph, express and telephone companies at its market value is as good as dead, and that the governor will have to submit a revised program. The Michigan Central is the company that it is most desired to reach, but Fred A. Baker, chairman of the democratic state committee, who came here on Pingree's invitation, advised the legislators in an argument made Friday that unless that company's special charter were first repealed the passage of the Pingree bill would not affect the company a particle, but would simply make matters worse for its weaker competitors. He furthermore said the bill was unconstitutional in certain particulars, and, as he is the leading constitutional lawyer in Michigan, his argument has had the effect to dispose of the bill in its present form.

Gov. Pingree and Col. Atkinson, who drafted and introduced the bill, have gone to Detroit. It is believed that they will prepare a message to be submitted to the legislature Monday, in which the repeal of the Michigan Central's charter will be recommended.

Both houses adjourned until Monday afternoon.

## Fusion Scheme in Oregon.

Portland, Ore., March 26.—The conference of the populist, democratic and free silver republican state committees agreed upon a platform, and it was adopted in each of their conventions. When the vote on the adoption of the platform was announced in the populist convention twenty "middle of the road" delegates left the hall. The platform demands the free and unrestricted coinage of silver and gold at the ratio of 16 to 1, without waiting for the consent of foreign nations; opposes government by injunction, and condemns the "packing of the supreme court of the United States with corporation lawyers." It demands the initiative and referendum.

## A CERTAIN CURE FOR PILES

Safe and Effective in Every Form of This Common and Annoying Disease.  
Many people suffer from piles because of trying the many lotions, salves and ointments without relief or cure, have come to the conclusion that a surgical operation is the only thing left to try and rather than submit to the shock and risk to life of an operation prefer to suffer on. Fortunately this is no longer necessary, the Pyramid Pile Cure, a new preparation cures every form of piles, without pain, inconvenience, or detention from business.

It is in the form of suppositories, easily applied, absolutely free from opium, cocaine, or any injurious substance, whatever, and no matter how severe the pain, gives instant relief, not by deadening the nerves of the parts but rather by its healing, soothing effect upon the congested membranes.

The Pyramid Pile Cure is the most effective, safest and most extensively sold of any Pile Cure that has ever been placed before the public, and its reputation has been secured by reason of its extraordinary merit and the reasonable price at which it is sold, all druggists selling it at 50 cents and \$1 per package, and in many cases a single package has been sufficient.

A person takes serious chances in neglecting a simple case of piles, as the trouble soon becomes deep seated and chronic, and very frequently develops into fatal incurable rectal diseases, like fistula and rectal ulcers.

Any druggist will tell you the Pyramid is the safest, most satisfactory pile cure made.

The Pyramid Co., Marshall, Mich., will send to any address a treatise on cause and cure of piles, also book of testimonials.

## MORE SEA POWER IS NEEDED.

**Would Revive American Foreign Commerce and Be of Great Advantage in Peace or War—Plan for Currency Reform Considered.**

Washington, March 26.—The session of the house Friday was almost entirely devoted to the debate on the naval appropriation bill, and when adjournment came it was with the understanding that the committee on rules would report an order today providing for the speedy passage of the measure. Whether or not any time will be given for consideration under the five-minute rule had not been determined, and that will be settled at the meeting of the committee today.

Congressman George Edmund Foss of Chicago delivered an able address on the American navy, past and present, and the necessity of strengthening it. Mr. Foss told of the achievements of American sailors in our former wars and how the navy was gradually built up, until at the close of the civil war it was the most powerful in the world. He described its decay until there was only a bare remnant left in 1880, and then showed what has been done in the last fifteen years to bring our naval arm up to its present degree of efficiency.

The speaker also pointed out the necessity of a large navy to restore our foreign commerce, and in this connection he made a strong plea for the acquisition of Cuba and Hawaii, and the construction of the Nicaragua canal by the government.

## PLANS ON CURRENCY REFORM.

**House Committee on Banking Takes Steps to Secure an Early Report.**

Washington, March 26.—Long and earnest sessions are being held by the house committee on banking for the purpose of considering the currency reform bill reported by the subcommittee. It was decided to meet every other working day—Mondays, Wednesdays and Fridays—without regard to the sessions of the house, and to limit as much as possible discussion upon particular points.

It is not expected that a report will be ready for the house for a week or more, since the bill embodies more than thirty sections and there are some changes in the plan of the monetary commission which are provoking debate.

## Wants More Pension Money.

Washington, March 26.—The secretary of the interior sent to the house Friday an estimate calling for appropriations of over \$8,000,000 to meet a deficiency in the pension funds. Of this amount \$2,000,000 is credited to the lack of last year's appropriations and the other \$6,000,000 to large increases, restorations and new pensions granted. This brings the estimates so far submitted for incorporation into the general deficiency bill to about \$14,000,000.

## Proposes Heavy Penalties.

Washington, March 26.—The house committee on judiciary favorably reported a bill providing that all persons who commit fraud pertaining to any matter within the jurisdiction of the commissioners of pensions shall be punished by a fine of \$500 or imprisonment for not less than one year nor more than five.

## Will Not Fight Anti-Fusion Law.

St. Louis, Mo., March 26.—Judge E. C. Kramer, of East St. Louis, a member of the Illinois democratic state central committee, said Friday that the committee would not fight the anti-fusion bill passed at the last session of the Illinois legislature. He said that similar laws had been passed by the legislatures of Ohio and Michigan and that all attempts to knock the law out had proved futile.

## Gain for Equal Suffrage.

New Orleans, La., March 26.—The constitutional convention practically adopted the equal suffrage article which is to become a part of the new constitution. The voter must be able to read and write his mother tongue or English, and must make his application to register in his own handwriting; or, if he is unable to read and write, he must own property to the value of \$300.

## Death on Canadian Pacific.

Fort Williams, Ont., March 26.—An accident occurred to the second section of the west-bound Canadian Pacific express at English River Friday. Particulars are not obtainable owing to lack of telegraph facilities, but it is known that two were killed and twenty wounded. The train was ditched by a broken rail.

## Indiana Teachers' Convention.

Terre Haute, Ind., March 26.—With an enrollment of more than 2,000 delegates to the southern Indiana Teachers' association convention today all state records were broken. Shelbyville is to have the convention next year. J. P. Funk, principal New Albany high school, was elected president.

## Against the Oil Companies.

Indianapolis, Ind., March 26.—The oil companies lost and the natural gas interests gained a material point in the federal court Friday, when Judge Baker handed down a decision denying the former the right to bring the question of gas waste into the federal tribunal.

## German Baptists Adjourn.

Bloomington, Ill., March 26.—The German Baptist state conference adjourned Friday morning after a four days' session. The proposed division of the state into two conferences was postponed. A proposition has been made to the Missouri conference for the consolidation of the churches in Missouri with those of southern Illinois. If Missouri accedes to the proposal, Illinois will be divided into the northern and southern conferences. A conference will be held in November in Springfield, and another, also in November, in Oak Park.

## Japan Asks Russia to Move.

Yokohama, March 26.—A report that Japan has requested Russia to evacuate Port Arthur finds credence in the Japanese press, which regards the recall of M. Alexieff, the Russian customs agent at Seoul, as a sign that Russia has changed her policy in regard to Korea.

## Final Adjournment in Sight.

Des Moines, Iowa, March 26.—The legislature will probably adjourn next Thursday. To this end the house passed a resolution for the appointment of a sifting committee.

## British Cabinet in Session.

London, March 26.—There was another hastily summoned cabinet meeting here Friday, presumably further to consider the grave political situation in all parts.

## Russian Ships for Chinese Waters.

London, March 26.—Three of Russia's largest battleships, says a special dispatch from St. Petersburg, will shortly proceed through the Bosphorus for Chinese waters.

## Spring Humors

During the colder season impure humors accumulate in the blood.

The surface of the body being chilled, the pores are closed and clogged, and impurities which might pass off in perspiration are forced back into the blood. Besides this, winter's hearty food, fats and sweets, contribute more impurities.

This briefly explains the existence of Spring Humors—those unsightly eruptions, painful boils, annoying pimples and other affections, which make the use of Hood's Sarsaparilla absolutely necessary at this season.

But with some people, impurities in the blood cause very different symptoms. The kidneys, liver and bowels are overmatched in their efforts to relieve the clogged system. Dizzy headaches, bilious attacks, failure of appetite, coated tongue, lame back, indigestion or that tired feeling are some of the results.

From the same cause may also come scrofula, neuralgia sciatica or rheumatism.

All these troubles and more may properly be called "Spring Humors," and just as there is one cause, a cure is found in just one remedy, and that is Hood's Sarsaparilla.

Hood's Sarsaparilla purifies the impure blood.

Hood's Sarsaparilla enriches that which is weak and thin.

Hood's Sarsaparilla vitalizes that which lacks vitality.

## CONGRESSMAN COOPER'S CASE

The Milwaukee Sentinel gives Congressman Cooper the following warm endorsement:

"H. A. Cooper, of Racine, is serving the third term as representative in congress from the First district. The district is composed of the counties of Racine, Kenosha, Walworth, Rock, Green and La Fayette, and extends from Lake Michigan almost across the state to the Mississippi river. Mr. Cooper is a modest gentleman and a studious one, and in reputation for ability ranks above the average of congressmen elected from this state. That his career has given at least ordinary satisfaction to his constituents would appear from his re-election twice in a district which has a safe majority for his party and which contains numerous able and ambitious gentlemen. Moreover, we are unable to recall any serious criticism of any of his official actions by any one of the many republican papers in the district prior to the time when it became necessary for him to act as referee in postoffice contests after Mr. McKinley's election.

"In his home city Mr. Cooper was compelled to select a postmaster from among ten rival aspirants, all of whom were, or professed to be, his personal or political friends. He delayed the selection and made the mistake of allowing all of the candidates to keep their hopes alive till the decision was reached. The man he recommended is a popular choice and entirely competent. Probably the same might have been said with equal truth had he named any one of the others. His only error was in prolonging the agony by hesitating to apply the ax to his several friends.

"One of the disappointed candidates is the editor of The Racine Journal, and that paper, which never before has been obstreperous toward Mr. Cooper and which unquestionably would defend him against the world had its editor attained his ambition, has engaged in a vicious warfare with the evident purpose of retiring the congressman to private life. In one or two paragraphs The Sentinel has hinted to its esteemed contemporary in a friendly way that his was not the only grievance on the spoils dump, and now the Racine paper warns The Sentinel against the wrath to come:

"It might be the part of prudence from a purely business standpoint for the Milwaukee Sentinel to make an investigation into the late postoffice contest in Racine before wasting its energies in bolstering up Congressman Cooper. It might find that it is carrying a lot of dead weight."

In all kindness we assure our angry brother that The Sentinel does not form its views of government and statesmen from the 'purely business standpoint,' and that if he would adopt a similar policy the loss of the postmastership might not be felt so keenly. There may be sufficient reasons why Mr. Cooper should be retired and The Sentinel will not hesitate to recognize them when they appear, but the fact that the editor of the Racine Journal has an empty stomach ache is not one of them.

The Milwaukee Young Women's Christian Association has formed classes to teach the art of shirt waist making

and spring bat trimming. Now that the Cream City girls can be taught these valuable accomplishments free of charge, the country may be said to be safe, even in these troublous times.

## PATRIOTISM FOR PROFIT.

While the yellow papers were yet howling that the "money power" and the "stock gamblers" would sacrifice national honor rather than have a war, the Philadelphia board of trade was adopting a resolution, pledging to the president of the United States loyal support of his efforts to defend and maintain the honor of the country. The yellow papers would do well to practice what they preach. The "gamblers" of Philadelphia show their patriotism by backing up the government, while the yellow sheets show theirs by attacking the government. The yellow journals are for war at any cost because they think they can sell a few extra papers, but they have no idea of helping win the fight after it begins. The administration and the people want war only when it becomes necessary to fight. The yellow papers are patriotic for profit only. The administration and the people are patriotic for love of country and that is the reason the administration has and will have the backing of the people both in time of peace and in time of war.

Two Arkansas men went to law over a 25 cent rooster and the costs in the case amounted to \$50. The man who won the case had a great time crowing over his victory but the other fellow announced that he would appeal the case to the supreme court so the end is not yet.

The Cuban insurgents have already successfully combatted a larger number of men than England sent to the American colonies during the revolution.

Italians have sold the Americans "de banan" and "de penutta" for years, but now they propose to sell us a torpedo boat destroyer.

The proprietors of the yellow papers would do well to show their sincerity by enlisting before hostilities begin.

All ye men who have warships to sell, prepare to sell them now, for one year hence they may not be in such demand.

Gold still comes to the United States at the rate of a million dollars a day.

And the Chicago Tribune has not yet won its war with Spain.

## SHEEP RAISING PAYS WELL

One Flock of Sheep That Brings Its Owner a Large Profit.

John Hurd, of Fulton, is making plenty of money these days, raising sheep. He shipped three carloads of fat sheep to the Chicago market Monday evening. Mr. Hurd has been feeding about 1500 sheep and lambs over the winter, and only a few carloads have yet been marketed. The sheep have gained about sixty pounds each since they were taken upon the farm last fall, or two dollars each at the present price of mutton. There is also a difference of about one dollar per hundred between the purchase price in the market now, so there is a gain of nearly three dollars per head in feeding, more than half of which should be profit.

## DWELLINGS BEING ERECTED

Building Operations Have Commenced Rather Early This Season.

Fred Hager has started local building operations for the present season by the erection of a substantial dwelling in the Milmore addition on Eastern avenue.

Several more promises to follow. A real estate dealer says that never before, since he has been in the business, has there been such an inquiry for real estate, and he predicts there will be quite a little boom this spring. The inquiry is chiefly for residence property. Architects also predict that numerous plans for buildings of all descriptions are being made, and the outlook in the building line is also bright.

### SHUMAM VERSUS STEWART COMES TO TRIAL.

Many Creditors and Several Thousand Dollars Involved—Parties to the Action Made Creditors—Court Decides on Celebrated Watertown, Wisconsin Case

When the circuit court of Rock county was called this morning, Judge John R. Bennett found plenty of interested parties on hand to contest the case of Alexandria Shuman vs. J. L. Stewart. The question at issue was over the action for a receiver. Creditors by the score, with their interested attorneys, were on hand, each more than willing to prove their claim against the debtor.

#### What the Trouble Is.

The trouble grew out of a partnership deal formed by Shuman & Stewart when they decided to go into the leaf tobacco business. Through some misdeal the business soon fell into the hands of a receiver, and it is alleged that tobacco to the value of several thousand dollars is now tied up. Receiver Hopkins was then placed in charge, and since then he has had a merry time of it. Smith & Pierce this morning, in behalf of the plaintiff, asked the court to make all the creditors in the case of Shuman vs. Stewart parties to the action. The court decided that the complaint could be amended making all the parties creditors.

#### Decides Watertown Case

Judge John R. Bennett has notified interested Watertown parties that he will decide in favor of the appellant in the appeal taken by Henry Mulberger from the ruling of the Jefferson county court in the matter of the allowance of accounts of the executors and trustees of the John W. Cole estate.

The executors, by agreement with the city authorities sold a portion of the property devised by Mr. Cole to the city for the maintenance of a public library after the death of his widow and his son and in their accounts applied the proceeds of the sale, \$4,000, towards meeting expenses for repairs to the trust property, etc.

Mr. Mulberger objected to the allowance of the accounts on the ground that such disposition of the trust property was not in compliance with Mr. Cole's will. The county court upheld the objection in part and disallowed the executors' claims except about \$1,800.

Judge Bennett disallows even the latter amount, and holds that all the expenses enumerated must be met out of the income of the trust estate. He will further direct the executors to invest the \$4,000 in interest-bearing securities to be held in trust for the city. Harlow Pease was attorney for Mulberger.

## WON THE GAME BY A HANDSOME SCORE

### JANESVILLE BEATS MILWAUKEE KEE AT BASKET BALL.

An Interesting Game at the High School Gymnasium—Visitors Outplayed By the Home Team At Every Point—The Whitwaters Are Also Defeated.

Probably 250 people were at the High school gymnasium last evening to witness the basket ball game between the teams of the East side High school of Milwaukee and the Janesville High school.

The game was scheduled to take place at 8:15, but it was nearly a half hour later when time was called.

A One-Sided Game

From start to finish the affair was much one-sided, and it was quite evident that the Brewers were no match for the home team. The ball was continually in Milwaukee territory, and frequent fouls on the part of Nott, of the home team, allowed the visitors several chances at the basket, which fact added much strength to their score.

Every member in the home team is a star by himself, and to mention anyone in particular would be just a trifle unjust to the others.

Poorly Supported.

Bishop and McNaughton, of the visiting team, made numerous fine plays, and on several occasions it was quite evident that they understood the game fully as well as their opponents. Their support was poor, and when it came to throwing baskets the visitors were lacking "good eyes."

At the end of the first half the score stood 18 to 3 in favor of Janesville. At the end of the second half the score stood 29 to 12 in favor of the home team.

Everything connected with the entire affair passed off without a hitch, and everyone seemed pleased with the evening's entertainment. The following was the line-up and the score:

TEAM	POSITION	JANESVILLE	MILWAUKEE
Brooks	Forwards	Carpenter	
McNaughton	Forwards	Matthews	
Bishop	Center	Nott	
Early	Backs	Palmer	
Benedict	Backs	Merwin	
Throws from field		Carpenter, 6; Palmer, 3; Nott, 1.	
Free throws		Carpenter, 9; Benedict, 6; Bishop, 3; Brooks, 3.	

Umpires—Rogers and Goodrick, Milwaukee. Referee—Fred Sutherland, Janesville.

Time keeper—L. D. Brode.

Scorers—Brode, Janesville; Hull, Milwaukee.

The Whitewater Game.

At Whitewater last evening the second basket ball team of the High school defeated the first team of the Normal school by a score of 9 to 7.

The line up was the same as published in The Gazette of last evening.

The boys report an excellent time, and say that the Whitewater boys are a royal lot of good fellows.

After a quarter century

Alderman and Mrs. Stoddard Celebrate Their Silver Wedding.

Yesterday was the twenty-fifth anniversary of the marriage of Alderman and Mrs. W. B. Stoddard, and the occasion was suitably observed at the residence of the couple, 205 North Bluff street, last evening. The house was tastefully decorated, and about sixty-five of the friends of the couple were present to offer their congratulations and good wishes. Misses Ida Stoddard and Edna Mordock acted as a reception committee, and charmed everybody by their grace and old-fashioned manners.

Games and music served to entertain the guests and these were supplemented by an elegant luncheon which was presided over by Misses Sophie Welsend, Gail Lane, Belle Stoddard, Margery Barker and Zoe Carrier. At each plate was placed a souvenir of the occasion, a card bearing the inscription "March 25, 1873; March 25, 1898."

The marriage of Alderman Mrs. Stoddard took place in this city in 1873, Rev. E. D. Huntley performing the ceremony.

There were no gifts, as the givers of the party had kept the reason for it a secret not desiring to make the occasion for a collection of tableware.

JANESVILLE WOMAN LAWYER

Former High School Teacher Passes a Brilliant Examination

Cambridge, Ohio, March 26.—[Special]—There were 154 applicants for admission to the bar, before the supreme court committee at its recent session in Columbus. Among them were Miss Clara Weyer, of Cambridge, and W. S. Rhinehart, of this county. John F. Stockdale, a member of the commission, says these two were among the best in the class, standing third and fourth among the sixty-eight who were successful. Miss Weyer is the efficient deputy probate clerk in the office of her brother, Judge Weyer, with whom she studies.

Miss Weyer is the first woman from this county to become a lawyer, and her brilliant success in securing such a high standing as a law student is highly complimentary to her and gratifying to her many friends. She is well qualified to take her place as a lawyer at any bar in the state.

Miss Weyer was for several years a teacher in the Janesville high school, and her many friends in this city will be gratified at her advancement in the profession she has recently chosen, that of the law.

NEW LAMPS FOR SWITCHES

They Will Be In Use on the Northwestern Shortly.

New "blizzard" switch lights may soon shine in the local Northwestern Railway territory. The change from the old to the new is being made as rapidly as the old lamps wear out.

Of the fourteen in use on the Wisconsin division six have been replaced within a few weeks. While it is similar in shape the "Blizzard" lamp is something entirely new and has many improvements over the old lamp. One very important feature about the new lamp is that it is utterly impossible for the wind to blow it out, no matter how fierce the gale. With the oil lamps it was almost impossible to keep them burning during a blizzard.

DOCTORS GO TO MADISON

Local M. Ds. will Take Part In The State Medical Convention.

Local physicians are planning to attend the fourth quarterly meeting of the Central Wisconsin Medical Society, which will be held next Tuesday in Madison. Whiting will open the discussion on a paper to be read by Dr. J. A. Jackson, of Madison, entitled: "A Plea for More Frequent Constipations."

WILL PLAY BELOIT COLLEGE

Local Y. M. C. A. Base Ball Nine Tackling Big Game

The local Y. M. C. A. base ball team will enter the field for the coming season on Friday, April 1. Manager Moore, of the Beloit college team, has informed Secretary J. O. Kline that nothing would suit the college team any better than to get a practice game with the Y. M. C. A. nine, the same to be played on the college grounds in Beloit.

The challenge has been accepted, and the local team will go down with a nine that the citizens of the Bower City may well feel proud of.

THE LATE JOSEPH BRANKS

His Death is Sincerely Mourned By Relatives and Friends.

Joseph Branks died at his home east of Evansville, March 18, 1898. His age was thirty-nine years, ten months and seven days. Ten years ago he married Miss Kate Henry, of Magnolia, Wis. Three little boys are left or sons—Lloyd, Orrin and Paul. Four years ago Mr. Branks purchased a beautiful farm home one-half mile east of Evansville. He was an upright, industrious man, loved by all who came in contact with him, and received our most tender care during the ten weeks of his suffering, but of no avail. The funeral was held in Janesville March 20, Dean McGinnity officiating, and the remains were laid to rest in Mount Olivet. The pall bearers were William Hughes, Byron Pratt, J. Collins, J. Conners, D. Conway and J. Knight. He was a kind husband, father and neighbor, and will be greatly missed.

WILL CRINGE NO MORE

The Free Man Will Call a Spade a Spade and Stand Fast For Truth

In a general way, people should be allowed to follow their own likes or dislikes, provided their actions do not infringe upon the rights of others. If a man likes to drink whiskey or coffee, and he does not thereby harm someone else, his individual liberty should be respected. Of course, those who prefer to stay in the procession, to live long, healthful and happy lives, will use their God-given reason to so direct their movements, and particularly their diet, as to conserve their strength and mental and physical vigor, rather than to allow the same to be dissipated by the use of drugs and poisons.

It makes the coffee toper cringe to hear coffee called a poison or a drug, but that is the exact name for it, whether the toper likes it or not.

"Why, if I go without my cup of coffee in the morning I have a headache half the day," is the confession of many of the unfortunates that bow in slavery to the drug. It is easy to break the coffee habit if Postum Food Coffee be served well brewed and hot. It is not half good when undercooked, but if allowed to continue boiling full 15 minutes after actual boiling commences, the taste is delicious and the powerful food elements are extracted and Postum becomes a true liquid food.

## LARGE CLASS FOR CONFIRMATION

### TWENTY-FIVE JOIN ST. PAUL'S CHURCH PALM SUNDAY.

They Have Been Carefully Instructed By the Pastor, Rev. John C. Koerner—The Ceremony Will Doubtless Attract Considerable Attention In Church Circles.

Confirmation exercises will be held at St. Paul's Lutheran church Sunday week, Palm Sunday. This year a class of twenty-five will be confirmed against a class of twenty-nine last year.

Rev. John C. Koerner, the pastor, has had the present class under his instruction since early in September, and now that all necessary preparations have been made the coming event is looked forward to with much interest. This class will be the seventh one that Rev. Mr. Koerner has had under his instruction since he has been pastor of the church, and the total number of members confirmed including this year's class, will be 172.

An Interesting Ceremony.

The members of the church are awaiting the exercises with much interest. No special effort is being made in the way of decorating the edifice, but it is probable that it will be placed in pretty array for the impressive ceremonies.

Tomorrow morning at 10 o'clock the class will make their appearance in church to receive the usual instructions from the pastor given the week prior to confirmation. For Palm Sunday special music has been arranged by the choir for the occasion.

The class this year is composed of sixteen boys and nine girls, and while the boys will appear in the usual suit of black, the young ladies will be attired in white.

Following is the class to be confirmed:

GOOD TEMPLARS PROSPEROUS

Enjoyable Social Given by People's Lodge Last Evening

The Good Templars of this city were never more active than at the present time, and interest in their cause is steadily increasing. People's lodge No. 460 has found it necessary to form a team for initiation work, and it is doing efficient work.

Last evening a social session of the lodge was held. Quite a number of visitors were present, including a large party from Beloit. A musical and literary program formed a feature of the evening. W. G. Kildow and Mr. Widdowson made short but interesting addresses, and recitations were given by Frank Matthews, M. S. Kellogg, B. Heiple, William Kaufman, and Miss Ada Pickering. Games were indulged in by old and young, and the entire evening passed off most pleasantly.

## SOUTHALL REMAINS IN JAIL.

The Government Had Issued No Time Checks Since the Year 1890.

St. Paul, Minn., March 26.—James H. Southall, accused of indefinitely large transactions in bogus government time checks, continues an inmate of the Ramsey county jail. That \$25,000 bail bond is not yet forthcoming.

In regard to the Washington report that certain government officials knew of the crookedness a year ago it is stated that two officers of the engineering department were in St. Paul at that time and held a touching interview with Southall, who acknowledged that he had issued about \$50,000 worth of time checks.

The estimate of the total volume of the checks is still \$500,000, or something less. Reports are coming in, and so far the total is less than \$400,000, so far as the issues have been disclosed. The announcement is made as a fact that the government has issued no time checks such as those negotiated by Southall since 1890, and all bearing any date later than that year are declared to be bogus.

## The Horrors of Rheumatism.

A woman's account of torture which lasted three years; of her struggles against the dreadful disease, and the good fortune that crowned her efforts.

Such suffering as rheumatism causes the victims upon whom it fastens itself is almost unendurable.

Sufferers from the worst types of this terrible disease will supply the missing horrors in the following story from real life.

Those who writhe under milder forms of rheumatism will be able to imagine the feelings of the tortured victim.

The only justification for making public such heart-rending details is the fact that the lesson taught will be helpful to others, pointing the way to renewed life and health to every sufferer from rheumatism.

The story is told by a woman. Her name is Mrs. Caleb Fenly; she lives in St. Paul, Ind.

This is her account:

"I am a farmer's wife. I believe my frequent exposure to the weather caused my terrible attack of rheumatism. Damp weather always aggravated it.

"My limbs would begin to swell at the ankle joints.

"This swelling would begin in the night, at times. I would awake in agony.

"Daylight would find my limbs purple in color, swollen to twice their natural size, and so racked with pain I could not bear to touch them.

"My right arm and both legs were so drawn as to be almost useless.

"My skin became dry and yellow.

"At times my limbs would pain as though millions of needles were pricking them.

"Again they would be numb and I

could not feel a needle thrust into my flesh.

"I was confined to the house three years, unable to walk nearly half the time.

"After those three slow years of agony, during which I spent probably \$2,000 for treatment and tried a dozen doctors, I gave up hope of any release from pain, but death.

"I was cured, completely cured, by Dr. Williams' Pink Pills for Pale People. They alone caused my recovery.

"The first dose gave me appetite.

"After the second dose I slept soundly, the first time within a year.

"I sent for a dozen boxes. By the time I had taken the contents of eleven boxes I felt entirely well.

"The doctor said I was cured. He was greatly impressed, and since then he has prescribed Dr. Williams' Pink Pills for Pale People for many of his patients."

Mrs. Fenly, together with her husband, made affidavit to the exact truth of the foregoing account before Notary P. N. Thomas.

The cure of the severest cases of rheumatism by Dr. Williams' Pink Pills for Pale People has occurred in every state in the Union, and its power in ordinary cases is proportionately greater.

These marvelous vegetable pills go directly to the seat of the trouble. They build up a new cellular structure in the diseased parts by eliminating poisonous elements and renewing health-giving chemical forces in the blood.

They are for sale by druggists everywhere; for 50 cents a single box or \$2.50 for half a dozen.

## SEPTICIDE

"While in the army with the 54th ind. Vols. sores came on my leg from the knee down, and much of the time since that I have been able to walk only with crutches. I have tried almost every remedy which friends suggested, but never struck the right remedy until about three weeks ago, when by the advice of our druggists, Goddard & Watson, I commenced the use of "SEPTICIDE." I took it internally and kept the sores wet with it four or five times a day. I am now happy to say, that I am entirely cured, and my leg is as sound as ever."

## SITUATION FELT TO BE GRAVE.

Opinion Is General That the Court of Inquiry Will Show the Maine Was Destroyed by a Submarine Mine—Spanish Torpedo Flotilla Causes Some Alarm.

Washington, March 26.—There is a rumor here that a cabinet officer is authority for the statement that the president, after a thorough examination of the Maine report and conferences with the members of his cabinet, has decided to submit the entire Cuban question to congress on Monday. It is known that the president has intended, ever since he was informed the Maine report would reach Washington on Thursday, to submit it to congress Monday. It is now said that the president will not only submit the Maine report on Monday, but will send to congress reports from the consuls in Cuba, describing the conditions there, accompanied by a message advocating action by this government to terminate the war and relieve the starving reconcentrados. The cabinet officer who is quoted as authority for this statement refuses either to confirm or deny it. He declines to make any statement concerning the action the president will take.

The situation is said to be so grave that cabinet officers have canceled all social engagements for the next few days and hold themselves ready to answer any call the president may make on them night or day for conferences at the white house.

## MAINE REPORT MADE PUBLIC.

It Shows That a Mine Wrecked the Battleship.

Washington, March 26.—The court of inquiry appointed to investigate the cause of the Maine disaster has reported that the loss of the battleship was due to an outside explosion. The state department, by direction of the president, has cabled United States Minister Woodford at Madrid to notify the Spanish government of this conclusion.

The president and his cabinet advisers held two extended sessions Friday, one at 10:30 a. m. and another at 3:30 p. m., at which the report was considered in detail.

Members of the cabinet stated after the meeting that the discussion was of grave character, and that never since the wreckage of the Maine has the situation seemed so critical.

The Spanish government has cabled officially to Washington that the Spanish naval commission holds the disaster to the Maine to be of internal origin.

The government of Spain, it can be stated positively, is not disposed to turn back the torpedo flotilla now proceeding from the Canaries, and would be disinclined to consider a suggestion from this government tending to interfere with the disposition by Spain of her naval forces.

War preparation on an unprecedented scale is being hurried to completion by the war and navy departments, and the country is practically on a war footing.

Commander Marix, judge advocate of the court of inquiry, delivered the report to Secretary Long early Friday morning, and shortly after it was carried to the white house and placed in the hands of the president. At 10:30 the cabinet assembled, half an hour earlier than usual, and began the consideration of the momentous document. Even the rigid rules of secrecy which prevail at cabinet meetings were made doubly strict in this case, and no intimation of the results reached by the court was known until 2 o'clock, when an associated press bulletin gave the information to the country, as well as the eagerly waiting officials throughout Washington.

These results, briefly stated, are that the loss of the Maine was due to an explosion from the outside, the court being unable to fix the responsibility for the explosion. The court does not express an opinion as to the character of the explosive, but the testimony goes to show that it was a powerful submarine mine, the exact character of which is not determined by the testimony, though the belief was expressed that it was a floating submarine mine.

There were two explosions, the court finds: the first was from the outside, and that set off one of the smaller magazines. It was this result, expressed in detail and with the precision of a court deeply conscious of its responsibility, together with the evidence on which it was based, that occupied the attention of the cabinet throughout its extended sessions of the morning and afternoon.

## TIME TO ACT HAS COME.

London Newspaper Praises the Policy of the Administration.

London, March 26.—The Daily Chronicle, after expressing a doubt whether the Spanish inquiry has been conducted as carefully as the American, the report of whose commission, it says, is "in harmony with all the probabilities of the case," thus proceeds to review the principal aspects of the question:

"The nature of the Washington

government and the calm, pacific policy of the president have been beyond all praise. Had the people of the United States been polled on the question war would have been declared before now—not, as has been falsely suggested, on account of financial and commercial interests, but on grounds of humanity and because of the intolerable stench of this open sore close to the borders of the great republic. But it is evident that the time for action has arrived. President McKinley must take such steps as to challenge in the most direct way Spain's right to murder revolted colonists any longer. If she attempts to resist the provisioning of starving Cubans from American ports war there will and must be, quite apart from any treachery to the American warship. Despite all rumors, it is quite certain that Spain will have no allies, and the result will be the liberation of Cuba."

## "Forcing a Conflict."

Madrid, March 26.—United States Minister Woodford when interviewed with reference to the report that he had received advices from Washington as to the findings of the Maine court of inquiry and the proposed action of the American government, declined to divulge anything.

El Imparcial says: "The United States are brutally forcing Spain into a conflict. To send the Maine report to congress is equivalent to throwing a torch into a barrel of gunpowder."

The government, despite such comments, is pursuing a conciliatory policy, and, it is believed, will propose that the Maine disaster be referred to international arbitration.

## Powerful Flying Squadron Formed.

Washington, March 26.—A flying squadron at Hampton Roads has been organized. It is to be commanded by Commodore Winfield Scott Schley, whose flagship is to be the fine armored cruiser Brooklyn. The commodore expects to take command next Monday. The command at present comprised three vessels—the Brooklyn, Columbia and Minneapolis, all ocean greyhounds—but in a short time the squadron probably will be swelled to about a dozen ships, including the St. Paul and the St. Louis of the American line, which were built so that they could be turned into efficient fighting machines at a few days' notice.

## France Would Be Neutral.

New York, March 26.—James B. Eustis, former ambassador to France, in reference to an interview published in the Paris Figaro with M. Hanotaux, French minister of foreign affairs, on the attitude of the French government with regard to the Spanish-Cuban question, said: "The French aristocracy and the Catholic party in France naturally strongly sympathize with the Spanish government as against the United States, but they have no voice in the French government today, and there is no doubt that the French government would be absolutely neutral in case of war between Spain and the United States."

## Mine Worked from the Shore.

Boston, Mass., March 26.—A special from Washington says testimony submitted with the report of the court of inquiry fixes the responsibility of the explosion upon Spain. It is said not only that the Maine was destroyed by a floating submarine mine, but the mine was manipulated from a fixed spot on the shore so situated that nobody could have gained access to it except through negligence or connivance of Spanish officials. Whether it will go further than this and implicate an individual or set of individuals cannot be said.

## Can't Last Two Months Longer.

Kingston, Jamaica, March 26.—A private letter, dated three days ago, from Manzanillo, Cuba, received here by a schooner, says the condition of the Spanish troops there is terrible. It adds that starvation and disease prevail everywhere, and that the government forces have sustained heavy losses in recent skirmishes with the insurgents, the wounded being brought to town in carloads. The letter says, in conclusion, that even without the intervention of the United States the war cannot last two months longer.

## American Officials to Leave Havana.

Key West, Fla., March 26.—All the American officials in Havana, with the exception of General Lee, are to be brought at once to this city. This news followed immediately the announcement that the inquiry board had reported that the Maine had been blown up by a mine. The suspicion now is that the knowledge of the court's report has excited Havana's population to a climax. Officers of high rank are, however, reticent.

## Firm Protest from Spain.

London, March 26.—The Madrid correspondent of the Standard says: "The ministerialists are making no secret that important communications have already passed between Washington and Madrid, acquainting the Spanish government with the drift of the policy President McKinley is about to adopt, and which has been met with a firm protest."

# Hearts That Throb

## Or Pound; Hearts that Flutter; Hearts that Pain; Hearts that Beat too Fast; Hearts that Beat too Slow are Weak and Diseased. Cure them with DR. MILES' NEW HEART CURE,

### The Great Heart and Blood Tonic.

One person in every four has a weak or diseased heart, which, if not strengthened and regulated will soon develop into serious trouble. Does that mean you? Is your heart strong and healthy, or does it need toning up? Remember, shortness of breath from climbing stairs, sweeping or walking; oppressed feeling in the chest; choking sensation in the throat; smothering or sinking spells, often at night; fainting; weak and hungry spells without appetite; swelling of feet and ankles; inability to sleep on the left side; all these are symptoms of heart disease and can be cured with Dr. Miles' New Heart Cure. It makes the appetite keen, the digestion perfect, the liver active, the blood pure, nerves steady and the heart strong.

The following letter was written by Mrs. George Schomp, wife of engineer

Schomp, of 652 Broadway, Kingston, N. Y.: "Three years ago I suffered constantly from heart palpitation and shooting pains shooting from my left breast to shoulder blades. My heart would palpitate and pound for a number of times and then seem to stop. At those times I would feel faint and hungry. Night after night I would have to sit up in bed to get my breath. I was unable to go up stairs or walk fast without experiencing severe pain. I was treated by good physicians but without lasting benefit. I first learned of Dr. Miles' Heart Cure through a small pamphlet left at my house, and I decided to give it a trial. By the time I had used half a bottle I felt greatly improved. I continued the remedy as directed and in a few weeks I was a different person. My health now is better than it has been in years before,

and I owe it all to Dr. Miles' New Heart Cure."

A weak heart affects all other organs of the body by depriving them of nourishment. It is frequently accompanied with nervousness, irritability, unsound sleep. Dr. Miles' Heart Cure is the most reliable medicine known for such troubles and will positively give relief when others fail.

## A POSITIVE GUARANTEE.

You run no risk in giving Dr. Miles' Heart Cure a trial. If the first bottle fails to benefit you, take the empty bottle to your druggist and get your money back. All druggists are authorized to sell the first bottle with that understanding. Book on the heart and nerves sent free. Address, Dr. Miles Medical Co. Elkhart, Ind.
